THE CANDIDATES

Greenbank District comes to the front this week with a candidate for the Democratic nomination for Clerk of the Circuit Court, in the person of John Uriah Hevener, of Dunmore. He is a fine upstanding young citizen with all the qualifications of a strong candidate and a capable Circuit Clerk. He is a son of John R. Hevener, of Cloverlick, and a grandson of the late Uriah Hevener, of the Greenbank District.

At the entrance of the United States in the World War, Mr. Hevener was just the right age and his country required of him service as a soldier. And he made a good one. Few men saw harder or more honorable service than he.

Mr. Hevener entered the service October 4, 1917; was appointed sergeant December 7, and he held this rank until he was discharged July 26, 1919. He sailed for France Febru-

October 4, 1917; was appointed sergeant December 7, and he held this rank until he was discharged July 26, 1919. He sailed for France February 27, 1918, landing at Brest on March 10. He served with Company C, 163rd Infantry, a replacement regiment, from March 21 to May 27. He was then transferred to Company C, Ninth Infantry, Second Division. This was the Division that stopped the German Drive on Paris at Chateau Thierry. At this place Mr. Hevener was put in charge of a detail to dig a trench in "No Man's Land," between German and American lines. While engaged in this work they were caught by a mustard gas barrage. The whole detail was gassed and had to be sent to the hospital. Mr. Hevener received some bad burns on his body, but he did not go to the hospital. In all he spent forty days under heavy shell fire on this sector.

Mr. Hevener had a part in the Aisne Marne offensive at Soissons July 18th. Here his battalion went into the battle and the men

Mr. Hevener had a part in the Aisne Marne offensive at Soissons July 18th. Here his battalion went into the battle one thousand men strong, and came out with only seventy-five men. All the officers of his company were killed or wounded.

He took part in the St Mihiel Offensive September 12th, and twice in the Meuse Argonne offensive, October 12th to 20th; and November 1st and 2nd.

Mr. Hevener served in France 16 months and 22 days, and his whole army service was one year, 9 months and 22 days.

The Second Division has the proud distinction of having taken more territory from the enemy, captured more prisoners, more machine guns, more artillery than any other American Division.

Jack Frost did considerable damage to corn and young garden on the mountain farm during the 20th of the week. The exceptionally dry weather in the bottom seems to have acted as a godsend along the river.

Quite a large crowd are gathered from Marlinton in the opening of Marlinton Springs to season. This is one of the most springs and location for health resort in the State and improvements will progress rapidly from this on in the way of cottages, hotels and club houses.

Frank Sharp, son of our popular Constable, D. W. Sharp, caught a carp at the Dillie hole, near Harter, which weighed 27 pounds and 27 1/2 inches long. This is probably the largest fish ever caught in Greenbrier River.

Judge Warren B. Kittle was recommended for Judge of the 21st Judicial Circuit over Jared Wansley by about 1000 majority. Judge Kittle's ability on the bench is well spoken of by attorneys of Marlinton, who practice on the Randolph Barbour Circuit.

A small blaze did considerable damage in the office of the Rencovers & Elkin Telephone Company Tuesday night. The electric light wires came in contact with the telephone wires causing a fire which badly scorched the occupants of the building and did considerable damage to the switch board and connection of the telephone people.

Fater Caught

Chicago, Ill. June 13, 1912. Editor Republican News.
Some time ago, we wrote asking you to study inform your readers of operations being carried on by a soap swindler, who represented himself as an agent for a so-called Arnice-Swift Soap Co., Ltd., the same being a skillful swindler, which you very courteously did. Desires to inform that this "faker" was caught in Bartow, Florida, on week 6, last, and was duly executed. He is now serving 12 months "working on the job." Inasmuch as this man's rations extended throughout territory, and in fact the Atlanta seaboard, might probably your readers be pleased to have you publish this information.
Yours respectfully,
R. C. ...

On the same day at 11 a. m. Charles A. Little and Miss Maggie O. Lindsay were quietly married at the residence of Rev. C. C. Arbogast. The ceremony was performed by Rev. Arbogast after which the young couple returned to their homes near Danvers. Both parties are highly respected young people and have the well wishes of their many friends. Some of the boys thought to have some fun by blockading the way and hid in the brush to watch Mr. Little clear out the road but he turned the joke on them by taking another road.

Rev. J. M. and Wilford Hutson were on a fishing expedition Monday but came back with a very small string of fish.

Mrs. D. O. Woods returned home Tuesday from Greenhill, Va., where she had been visiting friends and relatives for several days.

Walter Arboast is on a business trip to Anthony's creek this week.

O. G. Arbogast is at Marlinton this week attending court.

Miss Stella Brown is visiting her uncle, Mr. Wm. Arbogast at Dumbletic.

Mrs. Nora Burns and Miss Daisy Lee Arbogast returned from a business trip to Morgantown Tuesday.

THE THREE PRIMITIVE TEARS.
Alas it is a primitive place. Drinking and betting water is drawn from the low, uncleanly and delivered in pails. There is no plumbing and modern methods things are commonplace. Water is used by their animals. Water is used for bathing purposes. The situation here considered filthy water comes from Lake, about thirty miles distant, but have come to us during the winter as per—London Ohio.

NO LIMIT TO HIS COVERTESS.
Two men, one slightly past old and one fifty years old, who live in an uncleanly near Washington, had a quarrel with developed into a fist fight. The fifty-year-old pugilist won. Later he was honored of his prowess. "He said I couldn't hit him!" exclaimed the successful fighter. "You dare his skin, I could have kicked him if he had been a hundred years old!"—Saturday Evening Post.

CRISTINA DIAMER REPRESENTS.
A reproduction of a still-living diamond has been served at a recent Yvonne society exhibition. The most beautiful of gems called it all and then pressed into a paste; a paste made of waxen with salt, and a most precious containing a whole diamond, the diamond is covered with a glass, and the glass again covered with colored wax.

FOR THE ORIGINAL LIBERTY BELL.
A reproduction of the Liberty Bell, which shows that the famous crack in the Liberty bell is not a crack, but only the protrusion of a small, silver metal, so that the original bell was never cracked.
